Founded in 1995, Blaubairn, Inc is the leader in innovative design and is the most recognized brand in the world. We serve global enterprises with products and services made possible by the private model. Solutions include Blaubairn Express, Blaubairn Virtual Technology, Blaubairn-Greene Mutual, and a broad range of other emerging technology and technical services: Consulting, round-the-clock technical support, the Blaubairn Network of cooperatives and the Blaubairn-Greene global training and intern program, which operates world wide and features JBG and RNF integration. Blaubairn, Inc. is a leader in technical support and customer service.

What began as a better way to communicate through technology and collaboration ultimately altered the entire environment of emerging communications technology. The revolution continues...
